CORE COMPETENCIES

- Standard or customized motorized wheelchairs
- Customized complex rehab chairs and scooters
- Standard or Customized motorized scooters
- Home Modifications
- Orthotics
- Negative Pressure mattresses
- Hospital beds
- Nationwide network of ATP and RT certified reps – travel to the client
- Equipment lifts and trailers
- Patient lift systems

DIFFERENTIATORS

We have worked for years with Workman's Comp cost containment companies so are skilled in evaluation and customization to the client's needs. We perform on site inspections to make sure the equipment is appropriate and necessary. We have over 400 reps nationwide so can come to the patient versus patient looking for a distributor.

COMPANY DATA

WI Medical is a national home health, durable medical equipment and supply company — offering customized solutions for wheelchairs, scooters, orthotics and more. We're also one of the few companies who works directly with customers using private insurance as well as workers' compensation and accident insurance companies.
